To combine class teaching and practical experience, various fieldtrips are included in the European Summer Program. Their aim is to give the students an opportunity to visit places in the Euro-region with historical or cultural significance and relevance to courses offered.

We want students to make the most of their time in Lille, and have designed a series of fieldtrips and extra-curricular activities that will take them to some of the most emblematic cultural and historic places in France and Europe.
Lille, a City of Art, Culture, and History

Founded in 1066 by the Count of Flanders, Lille – Rijsel in Flemish – became an important trading and stock market point on the route between the rich Flemish towns and the Champagne fairs. As evident from some of its architecture, Lille was successively Flemish, Burgundian, and Spanish before finally becoming French in 1667 under Louis XIV, whose military engineer, Vauban, built Lille’s impressive Citadel.

Lille is a cultural destination with much to offer. Art lovers stroll the Palais des Beaux Arts, home to the 2nd largest fine arts collection in France after the Louvre (with a collection including Rubens, Van Dyck, Goya, and Delacroix), the ancient Hospice Comtesse with works dating back to the 13th century, the Modern Art Museum (whose impressive holding includes works by Picasso, Braque, Miro, and Modigliani), and La Piscine, located in a former art deco swimming pool in neighbouring Roubaix. Further afield, one can find world-renowned museums such as the Louvre-Lens Museum, which opened in 2013 to supplement the Louvre in Paris, and the Matisse Museum in Le Cateau-Cambresis, his hometown. Other galleries and museums abound.

Big city advantage, small city atmosphere

“Lille is a vibrant city that has lots of young people, great places to eat and go out, and a great public transportation system. The staff at ESP is very helpful and catering to any of their student’s needs. I have thoroughly enjoyed my stay!”

Suzanna - USA
Lille, a City of Art, Culture, and History

Lille also boasts a significant number of theatres, music halls, movie theatres, an opera house, and a national orchestra, while the metropolis is home to a large number of regular cultural events, including a choir festival, a famous accordion festival, the Lille Piano(s) Festival, the International Independent Movie Week, France’s 1st Eco-Movie-Festival, a contemporary dance festival, and annual events such as the “Fête de la Musique” on 21 June with free concerts all over town.

Lille, at the crossroads of Europe

Lille’s strategic location and the area’s rich resources have made it one of the most fought over regions in Europe, a history visible today particularly through the numerous memorials from the last two World Wars in the region, toured by national and international visitors each year.

Lille can boast all the conveniences of being at the centre of a 2 million inhabitant urban zone, yet remains a “human-sized” university city with 250,000 inhabitants. Visitors can get around easily on foot or by bicycle. Public transport also offers the metro, the tramway, and many bus lines running frequently and late into the night.
The Université Catholique de Lille looks forward to welcoming you to France, to Lille, and to our university campus.

“The European Summer Programme was very well organised and we are thankful that we chose the Université Catholique de Lille and that our daughter could become a part of it. This programme has groomed her in a big way. She had incredible moments of laughter, joy, excitement, fun, and learning at university, which made her fall in love with France. Thanks to you and the whole Lille fraternity for making this opportunity a blessing for my child.”
